Prior Authorization Operations System — Clinic Team Edition

\$499

A ready-to-use prior authorization operations system for clinics and small authorization teams that need a more consistent way to manage intake, insurance verification, submission, tracking, follow-up, communication, documentation, SOPs, and staff workflow.

Instead of building every tracker, script, checklist, SOP, and onboarding tool separately, this system brings the core administrative pieces of prior authorization into one organized workflow.

Includes 15 core workflow tools:

- Prior Authorization Tracking Spreadsheet
- Prior Authorization Follow-Up Work Queue
- Insurance Verification Tracker Pro
- Prior Authorization Intake Form — Editable + Printable
- Prior Authorization Submission Guide
- Prior Authorization Follow-Up Timeline Guide
- Prior Authorization Call Reference Guide
- Call & Fax Script Bundle
- Denial Prevention Checklist
- Ordering Provider Information Reference Toolkit
- Prior Authorization SOP Kit — Editable + Printable
- New Hire Onboarding Toolkit — Editable + Printable
- Documentation Requirements Toolkit — Editable + Printable
- Staff Workflow Guide — Editable + Printable
- Email Template Pack — Editable + Printable

Also included:

- Start Here / Implementation Guide
- Suggested 5-day rollout path
- Clinic Team License Terms
- Organized delivery structure

Designed for one clinic/location or one prior authorization team with up to 10 internal users.

This is an administrative workflow resource. Payer requirements, submission routes, documentation standards, policies, and turnaround times can change and should always be verified before use.
